

The FY 2018 state agency project requests must meet one (or more) of our performance measures which are specific to the goal of reducing injuries and deaths on our roadways. These performance measures are:

1. To keep the statewide traffic fatalities under the projected figure of 850 by December 31, 2016.
2. To reduce the statewide serious injuries in traffic crashes from the 2009 level of 15,607 to 9,671 by December 31, 2016.
3. To keep the statewide traffic fatality rate per 100 million vehicle miles of travel (VMT) under the projected figure of 0.7 by December 31, 2016.
4. To keep the rural traffic fatality rate per 100 million vehicle miles of travel (VMT) under the projected figure of 1.3 by December 31, 2016.
5. To keep the urban traffic fatality rate per 100 million vehicle miles of travel (VMT) under 0.5 by December 31, 2016.
6. To reduce the total number of fatalities in crashes involving a driver or motorcycle operator with a BAC of 0.08 or higher from 402.4 in 2009 to 219.5 by December 31, 2016.
7. To keep the statewide motorcycle fatalities under the projected figure of 138.8 by December 31, 2016.
8. To reduce the number of unhelmeted motorcycle fatalities from 2009 level of 107.8 to 106.8 by December 31, 2016.
9. To increase the statewide seat belt usage rate from the 2010 level of 90.58 percent to 95.8 percent by December 31, 2016.
10. To reduce the number of unrestrained passenger vehicle occupant fatalities from 380.4 in 2009 to 175.2 by December 31, 2016.
11. To keep the number of statewide pedestrian fatalities under the projected figure of 109.4 by December 31, 2016.
12. To keep the statewide number of pedalcycle fatalities under the projected figure of 29 by December 31, 2016.
13. To keep the statewide speed-related fatalities under the projected figure of 339.6 by December 31, 2016.
14. To reduce the total number of drivers 20 years old or younger from the 2009 level of 201.8 to 62.8 by December 31, 2016.
15. To keep the total serious injury rate per 100 million vehicle miles of travel (VMT) under the projected figure of 9.4 by December 31, 2016.
