## NOFO Supplemental (Agency-specific Content for the NOFO)

### A. Program Description

Federal funds are made available annually to the State of Illinois for the promotion of roadway safety. These funds are distributed via grants by the Illinois Department of Transportation's (IDOT) Bureau of Safety Programs and Engineering (BSPE) through the Highway Safety Program. The primary goals of the Highway Safety Program include: reducing motor vehicle crashes; fatalities and injuries; increasing the use of occupant protection devices; and reducing impaired driving. The Highway Safety Program grants operate on a cost reimbursement basis. Local agencies and organizations that are approved for grant funding are required to pay for project expenses initially and are then reimbursed by IDOT. Only approved and documented expenditures will be reimbursed under the Highway Safety Program.

FFY 2019 runs from October 1, 2018 through September 30, 2019. Additional grant programs may be opened at other times during the year as required.

Below is a synopsis of local highway safety programs that IDOT-BSPE will offer in FFY 2019:

### **Sustained Traffic Enforcement Program (STEP) and Enforcement Local Alcohol Project (eLAP)**

The Sustained Traffic Enforcement Program (STEP) grant focuses sharply on specific calendar dates and timeframes. STEP requires participation in the following two-week enforcement holiday campaigns: Thanksgiving; Christmas/New Years'; St. Patrick's Day; Memorial Day; Independence Day; and Labor Day. Optional weekend campaigns include Halloween and Super Bowl.

**NEW this year-** STEP participants also have the option of requesting funding for impaired driving, occupant protection, and speeding enforcement details outside of holiday campaigns:

- **Additional Enforcement** – Participating agencies have the option to conduct impaired driving, occupant protection, and/or speeding saturation patrols during specified times outside the holiday campaigns listed above. Details can be found within the STEP/eLAP Specifications.
- **eLAP** – Integrated within the STEP, the Enforcement Local Alcohol Program (eLAP) gives participant agencies within specific counties the option to conduct Roadside Safety Checks (RSCs) during a minimum of 5 and a maximum of 27 weekends (Friday 9:00 pm – Monday 6:00 am) throughout the year. Details available within the STEP/eLAP Specifications.

### **Local Alcohol Program (LAP)**

The Local Alcohol Program (LAP) is preventive by focusing on solutions strategies to create awareness and reduce the incidence of alcohol and drug-impaired driving.

LAP's primary program emphasis areas are designed to address the complexity of Illinois' alcohol and drug-impaired highway safety problems. These emphasis areas include: public information; education; community outreach; prevention and prosecution; and adjudication. Details available within the LAP Specifications.

### **Injury Prevention (IP) Program**

The Injury Prevention (IP) Program is designed to reduce fatalities and injuries sustained in motor vehicle crashes through educational programs and campaigns. IP grantees provide training, coordinate public information campaigns, and use evidenced-based programming to address local highway safety issues. These include: distracted driving; bicycle and pedestrian safety; driver and occupant protection; child passenger safety; and other related traffic safety projects.

**NEW this year-** IP grants now represent Regional Traffic Safety Resource Center (RTSRC) grants and Child Passenger Safety (CPS) grants. IP grantees can request funds to address numerous data-supported traffic safety initiatives. Details available within the IP Specifications.

### **Traffic Records (TR) Program**

The Illinois Traffic Records Program is managed and coordinated through BSPE. The Traffic Records system includes the collection, management, and analysis of traffic safety data. It is comprised of six core data systems: crash; driver; vehicle; roadway; citation; adjudication; and injury surveillance.

Objectives of the program include:

- Develop and implement effective programs to improve the timeliness, accuracy, completeness, uniformity, integration, and accessibility of Illinois data systems.
- Maintain a traffic records system that supports the data-driven, science-based decision-making necessary to identify problems, develop, deploy, and evaluate countermeasures.
- Evaluate the effectiveness of efforts to integrate Illinois data systems. The integrated databases will identify risk factors, protective factors, and outcomes of motor vehicle crashes and improve knowledge of how motor vehicle crashes affect types of injuries and injury severity.

### **B. Funding Information**

On December 4, 2015, the President signed into law the Fixing America's Surface Transportation (FAST) Act that authorizes Federal highway, highway safety, transit and rail programs for five years from the Federal fiscal years (FFY) 2016 through 2020. The FAST Act maintains the current grant programs (i.e., occupant protection, State traffic safety information systems, impaired driving countermeasures, distracted driving, motorcyclist safety, State graduated driver licensing). The FAST Act does add a new grant, non-motorized safety.

Federal funds are not advanced to the state, but instead are reimbursed to the state for activities that are in accordance with federal program guidelines and included in the annual Highway Safety Plan. A state appropriation is secured for all highway safety activities. State agencies that receive highway safety funds operate from this state appropriation, which is subsequently reimbursed with federal funds.

### Applying for Federal Highway Safety Grant Funds

#### A. Notice of Funding Opportunity (NOFO)

- The NOFO for the FFY 2019 Highway Safety Grants can be viewed online at [TrafficSafetyGrantsIllinois.org](http://TrafficSafetyGrantsIllinois.org). Read the NOFO carefully to determine if your agency is eligible to apply for one of the available grant programs.
- The NOFO is posted as #19-0343-02, State and Community Highway Safety/National Priority Safety Programs.

#### B. Grant Accountability and Transparency Act (GATA) Unit

- In addition to completing the grant itself, each entity should check with their County or Municipalities' highest level (generally the treasurer, clerk, etc.) to see how they are currently registered in the GATA portal. Entities must be pre-qualified to apply for a grant.
- For Local Governments there are two type's of registrations, which include:
  1. Centralized – primarily for Local Governments (most common type) – Counties and Municipalities with multiple departments and divisions where the funds/awards go to the county or municipality's highest level and then to the specific division or department. The highest entity level would register for all departments and divisions. All entities that fall under this centralized registration would be listed/identified in a "Grantee Note" by the registrant or the registrant can obtain assistance from [DOT.GATA@illinois.gov](mailto:DOT.GATA@illinois.gov) to enter in the additional entities for them. All of the awards for any of the entities listed would go to the registered FEIN, DUN and GATA registration (a.k.a. Organization ID) numbers listed on the centralized registration. **One** Internal Control Questionnaire (ICQ) would be completed and **ONE** Indirect Cost Rate would be identified for all entities identified under the registration.
  2. Parent/Child – primarily for Local Governments (least common type) – Counties and Municipalities with multiple departments and divisions that have their own DUNS numbers AND receive the funds/awards

directly. The funds/awards DO NOT go through the highest level. The highest entity (the parent) level would register their FEIN and DUNS, complete an ICQ and select an indirect cost rate just for their use. Each department and/or division (the children) would then register their DUNS, complete an ICQ and select an indirect cost rate just for their individual use.

- If you have questions on how your entity is currently registered, or if you need help determining how to register in the GATA portal, please contact [DOT.GATA@Illinois.gov](mailto:DOT.GATA@Illinois.gov) and someone will reach out to assist you.
-
