Illinois Department of Transportation Notice of Funding Opportunity (NOFO)

State and Community Highway Safety

494-10-0343

A. Program Description

This grant is for local law enforcement agencies.

While enforcement of distracted driving laws is a particularly challenging undertaking for law enforcement, as laws have been strengthened, both the Illinois State Police and local Illinois law enforcement (police and sheriffs) have steadily increased the number of distracted driving citations issued to motorists. Law enforcement continues to pursue more innovative ways in which to enforce these laws. This distracted driving grant is intended to maximize the deterrent effect of Illinois' strong phone use laws.

The goal is to save lives and reduce injuries resulting from motor vehicle crashes by increasing the enforcement of Illinois' mobile phone and texting-while-driving laws and raising awareness of the presence of these laws.

To help accomplish this goal, the Distracted Driving Grant will fund efforts to emphasize distracted driving laws during the entire month of April to help advocate the guiding principles of National Distracted Driving awareness month. The distracted driving crackdown will feature officer hireback enforcement details allowing stepped-up enforcement of state distracted driving laws- in addition to other laws- combined with a comprehensive state-wide paid media effort exclusive to distracted driving.

B. Funding Information

FAST Act federal funding Section 402.

C. Eligibility Information

1. Eligible Applicants

An entity may not apply for a grant until the entity has registered and pre-qualified through the Grant Accountability and Transparency Act (GATA) Grantee Portal, www.grants.illinois.gov/portal. Each entity should check with their County or Municipalities' highest level (generally the treasurer, clerk, etc.) to see how they are currently registered in the GATA portal. Registration and pre-qualification are required annually. During pre-qualification, verifications are performed including a check of federal SAM.gov Exclusion List and status on the Illinois Stop Payment List. The Grantee Portal alerts the entity of "qualified" status or informs how to remediate a negative verification (e.g., inactive DUNS, not in good standing with the Secretary of State). Inclusion on the SAM.gov Exclusion List cannot be remediated.

For Local Governments there are two types of registrations, which include:

- **Centralized** - primarily for Local Governments (**most common type**) - Counties and Municipalities with multiple departments and divisions where the funds/awards go to the county or municipality's highest level and then to the specific division or department. The highest entity level would register for all departments and divisions. All entities that fall under this centralized registration would be listed/identified in a "Grantee Note" by the registrant or the registrant can obtain assistance from DOT.GATA@illinois.gov to enter in the additional entities for them. All of the awards for any of the entities listed would go to the registered FEIN, DUNS and GATA registration (a.k.a. Organization ID) numbers listed on the centralized registration. **One** Internal Control Questionnaire (ICQ) would be completed and **ONE** Indirect Cost Rate would be identified for all entities identified under the registration.
- **Parent/Child** - primarily for Local Governments (**least common type**) - Counties and Municipalities with multiple departments and divisions that have their own DUNS numbers AND receive the funds/awards directly. The funds/awards DO NOT go through the highest level. The highest entity (the parent) level would register their FEIN and DUNS, complete an ICQ and select an indirect cost rate.
